

## **MASTER FLASH SUBMITTAL**

Furnish and install the Master Flash Pipe Boot as manufactured by Aztec Washer Company of Poway, CA, at all points where any projection penetrates the roof system.

The Master Flash Pipe Boot shall include an EPDM or SILICONE molded body and aluminum reinforcement ring at the base. Use Master Flash Pipe Boots sized to fit the penetration diameter according to the Master Flash Product Data Sheet. For high slope roofs, increase boot one size.

Attachment of Master Flash Boot to the roof system shall be done in accordance with Master Flash Installation Instructions and the roofing manufacturer's requirements.
