

Products and parts for deck construction

Technical spec. for **Cap 44 (Cedar)** No. article 12035

This post cap is a decorative element which adds a finishing touch to your patio, fence or sign. It also allows imperfections to be hidden and protects against weather.

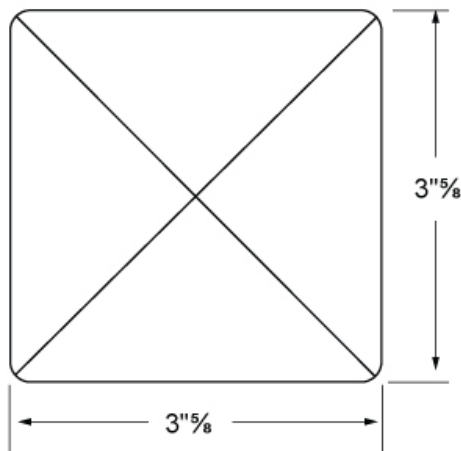

It is more resistant due to its steel fabrication. It does not require any maintenance. Easy to install: place at the end of a post and screw it.

To be used with 3 ½ in x 3 ½ in square posts

Baked powder coating finish (anticorrosion)
