

Products and parts for deck construction

Technical spec. for **Fixbase 44** No. article 13042

Steel base designed to solidly attach a square post to an exterior surface. Enables a finishing touch to be added to your deck. For stability and style at a low cost!

Its steel fabrication and its collar (with screws) gives it a large resistance and solidity. No maintenance is required. Easy to install: it is screwed to the post (from the bottom), then to the floor, then the side is tightened.

To be used with 3 ½ in x 3 ½ in square posts

Baked powder coating finish (anticorrosion)

It has a 2 ¾ in high collar: the lower transom is at the building code regulation height
