

SPECIFICATION SHEET

PRODUCT NAME: HP STICKY SHIELD/I-M SHIELD

SECTION 1: APPLICATIONS

Heat Shields for Appliances, Cabinets, Industrial Equipment, Automotive, Exhaust, Pollution Control, and many More.

SECTION 2: FEATURES AND BENEFITS

Utilizes a flexible embossed aluminum foil laminated to a glass fiber paper and a high tack auto grade pressure sensitive adhesive on one side.

SECTION 3: TECHNICAL DATA

Temperature Parameters:

Base Fabric Service: **1000°F**

Adhesive service temp: **300°F**

Base Aluminum Service: **1100°F**

Physical Characteristics

Fiber content: **Fiberglass**

Finish/coating: **0.03" thick embossed aluminum**

Electrical: **Conductive**

Color: **Aluminum/White**

Thickness: **0.125" & 0.25"**

Master sheets: **47" x 48"**
