**SELF CERTIFICATIONN FOR CDPH STANDARD METHOD
V1.2-2017**

Lyndhurst, 18 January 2018

To Whom it May Concern:

Attached please find a test report for CPDH Standard Method V1.2-2017 from Berkeley Labs showing that Sikaflex® 1a passed the VOC criteria for subject standard. Sika Corporation manufactures Sikaflex® 1a in its Lyndhurst, NJ facility.

Sika Corporation maintains a Quality Management System at the Lyndhurst facility that has achieved ISO 9001 2015 certification. As part of its ISO 9001 2015 program the Lyndhurst facility tests finished products and incoming raw materials to insure that the products produced in the Lyndhurst facility meet their quality requirements.

The Lyndhurst facility manufactures multiple one component moisture curing polyurethane sealants that are formulated from the same set of raw materials. While there might be minor differences in exact composition in these different formulations the raw materials from which they are produced remains the same. The list below represents the sealants that are currently produced at the Lyndhurst facility.

Sikaflex® 1a
Sikaflex® 15LM
Sikaflex® 11FC
Sikaflex® 1cSL
Sikaflex® 102
Sikaflex® Textured Sealant

Sikaflex®+ Construction Sealant
Sikaflex® Self Leveling Sealant
Sikaflex®+ Self Leveling Sealant
Sikaflex® Crack Flex
Sikaflex®+ Crack Flex
Sikaflex® Mortar Fix
Sikaflex®+ Mortar Fix
Sikaflex® Concrete Fix
Sikaflex®+ Concrete Fix

Sika Corporation choose to test Sikaflex® 1a for CPHD Standard Method v1.2-2017 as it is the formulation with the highest VOC content, as measured by EPA Method 24, of the products listed above. As Sikaflex®1a represents the worst case scenario of VOC content it is Sika's determination that all of the other sealants in the list above would have less VOC and therefore lower values for CPHD Method v1.2-2017.

Based on the above information Sika Corporation can certify that all of the products above will meet the requirements of CPHD Standard Method v1.2-2017.

If further information is required please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven A. Rosenberg". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
