The above color samples are approximations only. If an exact color match is required, please contact UNITED COATINGS. Job site applied colors will vary from this color card due to printing variances as well as the texture and porosity of the substrate. UNITED COATINGS recommends applying a color sample to an inconspicuous area on the actual substrate to verify color choice.

‡ Initial Solar Reflective Index (SRI) values

\*Special order colors, subject to additional tint charges.

Colors available for ROOF MATE, DIATHON®, KYMAX®, ROOFSHIELD®, ACRON 60, SUNSHIELD & MARATHON®

For optimum color stability and long-term performance, KYMAX® should be used for tinting dark colors. Tinting dark colors using standard acrylic finishes is not recommended.
